A Message from Mayor Annette Iafallo – Continuation of Modified DPW Pickup Schedules/Extension of NYS on Pause

As a result of Governor Cuomo's extension of the 'NYS on Pause' Covid-19 safety initiative through May 15, our DPW will continue operating a modified trash/recycling pick-up schedule until further notice. This will include the following:

– ONE BULK ITEM PICKUP SCHEDULED FOR MAY 4-8 HAS BEEN CANCELLED. Please remove any bulk trash items from the curb until pickup resumes.

– NO branch and shrub pickup.

– Trash pickup on regularly scheduled days in the morning, with recycling beginning at approximately 4p.m. Please continue following all previously communicated safety protocols regarding bagging trash and securing recyclable materials posted on the City Facebook page and website.

– Yard clippings/leaves will be picked up as part of regular garbage schedules. Yard materials must be bagged or in a separate closed container and put alongside garbage totes.

We anticipate further state and county guidance after this most recent PAUSE extension is completed and will provide additional updates when possible.

Until then – Stay Home. Stay Safe. And God Bless.

Annette

PS – if you haven't already, please complete your 2020 Census form. Everyone's participation is vital to ensuring our area receives proper federal funding levels. Thank you.

The printing of the Hometown Hero Banners from the 2020 submitted applications have been delayed due to the Covid-19.
